### THE PHILLIES EXPERIENCE

Phillies Baseball Academy is far more than just a week at camp – it is a place where new skills are developed and existing ones perfected. Our commitment to creating the most exciting and informative baseball experience is reflected in every aspect of our camp.

Phillies Baseball Academy offers campers a “behind-the-scenes” tour of Citizens Bank Park, playing time on the field, hitting in the Phillies batting cages, participation in a Home Run Derby at The Yard, a new 13,000-square-foot interactive kids’ baseball experience and the opportunity to meet and learn from a Phillies player and coach.
